their most comprehensive relations-and It promises more than any expedition of a similar character that has heretofore been undertaken, including those of this intrepid discoverer. To begin with, it is not an Arctic voyage in the sense an Arctic voyage in the sense an Arctic voyage is generally understeed. It is not the support of white schools, and the schools, will, or ought to, have the effect of enabling the schools are a first ought to, have the effect of enabling the schools.

tween Greenland and the Mother Country gether in the present Coalition party. had entirely ceased. In fact, the very existence of such a land seems to have last that the whites of Virginia do not inbeen forgotten, and when Davis re- tend to permit negroes to be trustees of been forgotten, and when Davis rediscovered it in 1585 no other than Eskimo people were found on the coast. These, however, still have transported by the coast. These, however, still have transported by the coast. These, however, still have transported by the coast. The Ladies' Lindows. A Novel. By Mrs. OLIPHANT, author of "For Love and Life," "The Primrose Path," "It Was a Lover and His Lass," &c. New York: coast. These, however, still have tra- superior race to submit. ditions as to the first white settlers, and from those traditions and the Sagas it is evident that frequent collisions took place the American continent. To this latter, ple of this city. however, little importance has been at-

Within the last one hundred and sixty years the west coast of Greenland has been well known, particularly to the Danes, who have established numerous missions upon it. It has also been the object of carefully-organized expeditions of research by the Polar voyagers of other nations. To use the words of Baron Nonderskaold, with the Heading of the polar in appointing trustees of the Richman and is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is, however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is however, in its greatest extent, wholly unknown, "a circumstance," constitution of the same land is however, in its greatest extent, w land is, however, in its greatest extent, wholly unknown, "a circumstance," continues Baron Nordenskjold, "which must be detrimental to a proper understanding of the history of the first Norse colonization of Greenland and of early voyages of conquest and discovery discovered with the circumstance, and the continues which the State Board has to appoint trustees at all is the power to fill those vacancies. We quoted the language of the language of the language of the without the circumstance, can fill are vacancies which the Circumstance can fill are vacancies which the Course, can fill are vacancies which the Course can fil Thus, until the east coast of Greenland is fully explored, one must continue to doubt the very forced explanation of the site of these colonies which is now predominant in the world of science." In short, he takes direct issue with the authorities that have attempted to locate the colonies, for, says he, "It appears to me if the Icelandic Sagas are examined carefully and without any present out and fattening like that after feeding on fraud and fattening like on disgraceful corruption through all the years of their life.

Size at a little thing like at the people of the southern States desire to know the fate that awaits them if they allow negroes and mean whites to regain possession of their governments they allow negroes and mean whites to rest to know the fate that awaits them if they allow negroes and mean whites to regain possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they allow negroes and mean whites to respin possession of their governments they are provided they allow negroes and mean whites to respin possession of their governments they are provided they are t the country.

The Race Question

The Valley Virginian says that it would be best for negroes to manage negro schools and whites to manage white schools. We have said nothing on this point. What we have said nothing on this point. What we

schools, and the school taxes paid by whites trepid discoverer. To begin with, it is not an Arteit coyage in the sense an Arteit voyage is generally understood. It is based on rational theories, and has for its old-jet, not the discovery of an open Polar sea, that if found would do the word in ogood, but the collection of data that would contribute both undersdoof different branches of human knowledge. If successful, Ber Ton Nomessenson will probably be instrumental, if not in solving, in throwing yaluable light upon problems that are exercising some of the greatest minds of the day.

Nine hundred years have lapsed since Ran Euro, couldwed in lecland, set out to seek the land Gexmon based as a hundred years previous far to the west. This land was Greenland, and here Eur founded with this hamly and friends colon lies which thrived steadily for a long period, and which in their most flouristics. From Icelande sources we know that there were upwards of three hundred farms, about two hundred of which were in "Osterbyzdf" and one hundred in "Osterbyzdf" and one hundred management of negro schools to boards com-posed exclusively of negroes? The Expo-nent will join hands with you in advocating such a change of the law. Such a law would be in harmony with the law forbidding the intermarriage of the races, the law establishing separate schools, separate regis-tration-lists and separate military com-panies, and with the voluntary action of panies, and with the voluntary action of the negro race, since the close of the war, in establishing for themselves separate church organizations. It would be in harmony also with the law of nature. You have, in the controversy between yourselves, hit upon a sound principle, and we beg you will not stop short, but carry it out to its legitimate results, Your principle is based upon the fact that A Book About Roses. How to Grow and Show Them. By S. REYNOLDS HOLE.
New York: William S. Gottsberger. and not seek to comminde the seek to committee the seek to commit Your principle is based upon the fact that the races are distinct by maints, as far be in harmony with it, all our laws, as far as practicable, should recognize this fact and not seek to commingle those whom God has separated, each to itself. Let the two school-systems be separate in all things, in the boards to manage them as Let all the taxes are the partitions. Let all the taxes are the partitions and the first of the usual SEMI-WEEKLY EXAMPLE ALL TAXED AND ALL TO THE ALL TAXED AND ALL TO THE ALL TAXED AND ALL TA well as in the school rs. Let all the taxes paid into the school fund by the negro paid into the school fund by the negro race be devoted to the support of the negro schools, and let all the school taxes paid by the white race be devoted to the support of the white schools. What, Mr. Valley Virginian, does the white race in the Valley, from Frederick county, on the northeastern border, to Lee, on the example of the support of the support of the white race in the Valley, from Frederick county, on the northeastern border, to Lee, on the example of the support of the white race in the Valley Virginian, does the white race in the valley Virginian (as the valley Virginian).

who needed no tempting into downright regulation; how gradually he effected a coalition of blacks and mean whites; how the better class of his followers deserted bim: how the Administration openly sustained him in his repudiation, and in the most high-handed and unblushing corruption ever practiced in this country how he now rules the once proud Com-monwealth of Virginia with a despotism never before attempted in a free country not even by Cameron in Pennsylvania-all this is well known

Within the last week or two Mahone and his dummy Governor, Cameron, have taken a step forward. Not as an act of justice but as a matter of necessity to appear their negro allies, to whom hitherto only the merest crumbs of power have been given, they have actually placed negroes as trustees upon the public School Board of the city of Richmond!—Piedmont Vir-

DRY GOODS.

In the present condition of our business career we desire to return our heartiest thanks to our friends and the general public for a continuous and cordial support. Of the steps leading to such a phenomenal success we are fully conscious. In order to render our house in fact a "household word" throughout the country, villages, towns, and cities of Virginia and of contiguous States, we make the following SPECIAL OFFER: On all orders for Dry Goods amounting to \$20 or over we shall prepay all express charges to any portion of Virginia, West Virginia, or North Carolina. This offer renders the shopping of resident and out-oftown buyers identical.

LADIES UNDERWEAR.

Many ladies are yet unaware of the immense tock of LADIES COTTON and CAMBRIC UN-DERWEAR to be found in our department. We guarantee the fabric used, the quality and style of trimming, and the general make-up of the gar-ments to be fully equal to goods furnished at corresponding figures in any house in the United States. All garments are sold by a competent, po-lite, and experienced lady. We carnestly solicit a comparison of values.

WHITE GOODS. In seasonable WHITE GOODS we are offering all the staple and many novel effects, ranging in cost from Sc. to \$1.25 per yard.

SPECIAL VALUES: 30-Inch CHECKED NAINSOOK at 10c.; 30-Inch SATIN-CHECKED MULL MUSLIN, good value for 25c., to be offered at 16%c.

In the most popular Nos, of these goods, such as \$1,\$1.25,\$1.50, and \$1.75, we are constantly giving better values, just as our business grows. For \$1.50 we are now offering the same No.

This decariment alone is worthy of a special GROS DE SAXE, BENGALINE, GERSTER CLOTUS, CREHE DE CHINE,

WIDOW'S CLOTH. NUN'S VEILINGS, and other thin tabrics, costing from 125c, to \$2.50, COURTAULD'S BRACK CRAPES at lowest quo-

tations.

WORSTED DRESS GOODS.

Many novelties in SILK, and in Wood effects we are about to close out at any figure approximating cost. A rare opportunity is thus offered to secure a handsome and suitable costume for sea-shore or mountains at a very low price. All the novelties in FABRIC and COLORING.

Referring to the notice of dissolution between our house and the concern of CARDOZO, ALSOP, MOSEY & CO., we desire to return our thanks for a very liberal general support.

We now intend in our separate establishment to

We now intend in our separate establishment to use more streamons efforts than ever before to deserve and to obtain a larger share of the public patronage. We intend to keep in the van, and to make it our highest aim to offer the Brehmond trade advantages equal to any city in the South.
